Blessed Night, Blessed Light

Holy is the light illumining
Holy is Creation's dark
Blessed be the night for birthing
Blessed be the Maker's spark
Holy are the heavens shining
Holy is the inky space
Blessed be the twilight dreaming
Blessed be the gleaming grace

*Blessed night, blessed light
Holy One, Holy Christ*

Holy is the word unspoken
Holy the deep mystery
Blessed cloud of our unknowing
Blessed be the sight unseen
Holy is the truth revealing
Holy promise, prophets tell
Blessed angel voices singing
Blessed gift, Emmanuel

*Blessed night, blessed light
Holy One, Holy Christ*

Holy is each heart now beating
Holy every breath we take
Blessed be the soul still weeping
Blessed every healing space
Holy is the night of mourning
Holy is the cross laid bare
Blessed be the morn of rising
Blessed be the hope we bear

*Blessed night, blessed light
Holy One, Holy Christ
Blessed night, blessed light
Holy One, Holy Christ*
